

(f) *Material for State Office.* When the loan has been closed, the District Director will submit to the State Director:

- (1) The complete docket; and
- (2) A statement covering information other than the completion of legal documents showing what was done in carrying out loan closing instructions.

(g) *State Office review of loan closing.* The State Director will review the District Director's statement concerning loan closing, the security instruments, and other documents used in closing to determine whether the transaction was closed properly. All material submitted by the District Director, including the executed contract documents (if required by OGC) with the certification of the borrower's attorney, along with a statement by the State Director that all administrative requirements have been met, will be referred to OGC for post-closing review. OGC will review the submitted material to determine whether all legal requirements have been met. OGC's review of FmHA or its successor agency under Public Law 103-354's standard forms will be only for proper execution thereof, unless the State Director brings specific questions or deviations to the attention of OGC. It is not expected that facility development including construction will be held up pending receipt of the opinion from OGC. When the opinion from OGC is received, the State Director will advise the District Director of any deficiencies that must be corrected and return all material that was submitted for review.

(h) *Safeguarding bond shipments.* FmHA or its successor agency under Public Law 103-354 personnel will follow the procedures for safeguarding mailings and deliveries of bonds and coupons outlined in FmHA Instruction 2018-E (available in any FmHA or its successor agency under Public Law 103-354 office), whenever they mail or deliver these items.

(i) *Water stock certificates.* Water stock certificates will be filed in the loan docket in the District Office.
